

Ministry of New and Renewable Energy
Government of India

CERTIFICATE OF COMPLETION

Muluk Chand Hansda

Has Successfully Completed the Solar Pathshala eLearning Course entitled:

Technical Design of Rooftop PV System

Issued Date : 5 July 2026

The online training covered the following topics:

1. Types of Rooftop PV Systems Grid Connected, Stand-Alone, and Hybrid Photovoltaic Systems
2. Solar Rooftop PV Components, Selection, Sizing Designing and Planning Overviews
3. Designing Methodology, Sizing, and Component Selection for a RTPV System
4. Component Specifications, Metering Arrangement, Designing & Development of Solar PV Systems
5. Various Simulation Software used in Designing, Sizing and Annual Energy Calculations for RTPV Systems
6. Benefits of Software Enhancing in Designing & Development in Solar PV Industry

Shatrughan Yadav

Chief Technical Officer, (CTO)

AHAsolar Technologies Limited

Certified Master Trainer, SCGJ, GoI

Trainer ID: SCGJ/Q0104/FT-40
